Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

This School Plan describes a schoolwide program that includes strategies, actions, and services that address the requirements for Comprehensive Support and Improvement (CSI). School level needs assessment, evidence based interventions, and resource inequities are discussed and provided on this plan.

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Desert Oasis High School provides alternative education programs which offer a new beginning for students of Central Union High School District. We provide an education in a safe learning environment that empowers students to earn a high school diploma, and become responsible, caring, and contributing members of society.

As Panthers, we will exhibit...

Earn and Give Respect

Desert Oasis High School is the only continuation high school located in the in the city of El Centro, CA. El Centro, which has a population of 45,170 is located in the Imperial County.

Desert Oasis High School serves a transient population that may elect to attend DOHS for academic recovery or have been sent through a disciplinary hearing panel. The student population fluctuates between 150-200 cumulative high risk students at any given period. Desert Oasis High School serves grades 9 through 12. Over 90% of our student population is Hispanic or Latino. 96% of our student population is socioeconomically disadvantaged (2017-2018) and 48% of students are English Learners (2017-2018).

Through monthly collaborative meetings, teachers and our administrator work to share and implement best practices, strategies, and common assessment analysis. Pull out sessions and summer institutes are

conducted by district instructional coaches in which 21st Century tools and strategies are shared with teachers.

The school plan is aligned with the District's Local Control and Accountability Plan through collaboration with the district in examining state and local data as part of a comprehensive needs assessment; developing goals, measurable outcomes, and strategies, actions and services that are aligned with those of the district; providing supplemental services that support improved performance for high needs students; and developing a system for monitoring and evaluating the efficacy of the plan in achieving its goals.

Our Site Action Plan is reviewed and revised throughout the entire year. It is aligned with the district's Local Control Accountability Plan. We engage all stakeholders in this process by allowing special programs and opportunity to present to our School Site Council and our leadership team. We review our schoolwide data to determine our areas of need and request input from parents, students, and teachers to set goals and work towards continuous improvement.

Day 2 May 6, 2019 - systems analysis
Day 3 May 10, 2019 - Root Cause
Day 4 May 21, 2019 - Summative of findings
Day 5 May 28, 2019 - SPSA development/refinement

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Data from the California School Dashboard, CAASPP scores, district assessments/benchmarks, and additional local data, were analyzed. Conversations with the School Site Council (SSC), the school leadership team, and other stakeholders have also been examined. As a result, the school has identified the need to focus on improving graduation rate and decreasing suspension rate. The school will continue to support students in the area of mathematics by continuing with math support classes. This will give all 11th graders the opportunity to better prepare for the Mathematics - CAASPP exam. In the area of English/Language Arts, the school will continue to focus on reading strategies and continue with the English support classes. All 11th graders will also have the opportunity to better prepare for the English/Language Arts - CAASPP exam. There are not enough intervention support systems during the day. A system needs to be in place to provide students interventions throughout the school day. English Language Learners need extra support in all content areas.

The Accrediting Commission for Schools, Western Association of Schools and Colleges (WASC), the Self Study Visiting Committee (2/25/19-2/27/19) Report presented the following WASC recommendations:

1. There is a need for the leadership team and counseling staff to increase opportunities for student exposure to vocational/career awareness, aptitude testing and preparation for future college and career success to help make student learning relevant to real world success.
2. The school will investigate appropriate co-curricular activities to be implemented during the school day to assist students in connecting to the school community outside of academic courses.
3. Interventions, teaching strategies and new programs need to be embedded schoolwide, implemented thoughtfully and closely monitored and evaluated by the staff through internal data systems to ensure their effectiveness on student achievement. Close monitoring of the cohort of L1 ELL students to ensure they have enough academic support services if the data shows they are not succeeding at DOHS.
4. As district financial resources allow, continue to seek opportunities for curriculum electives through CTE courses that are not delivered via online curriculum to provide deeper enrichment to the academic program.
5. The school should seek a systematic method for students to provide input and regular discussion on school issues and LCAP with the leadership team on a scheduled basis.
6. Continue to work closely with district to ensure resource allocation is equitable based on the site needs, student access, and staff workloads.

Annual Review

SPSA Year Reviewed: 2018-2019

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal

Goal 1

SPSA Goal #1 - Improve academic achievement for all students with a focus on Assessment Literacy across all content areas.

LCAP Goal #1 - Increase achievement for all students, narrowing the gap between high and low performing student subgroups, and increase the graduation rate.

WASC Critical Area #3 – Interventions, teaching strategies and new programs need to be embedded schoolwide, implemented thoughtfully and closely monitored and evaluated by the staff through internal data systems to ensure their effectiveness on student achievement. Close monitoring of the cohort of L1 ELL students to ensure they have enough academic support services if the data shows they are not succeeding at DOHS.

Identified Need

Academic Engagement as measured by the Dashboard from the California Department of Education shows that 59% of students graduated and received a high school diploma. Graduation rate decreased by 26%.

Academic Performance as measured by the Dashboard from the California Department of Education English Language Arts: This measure is based on student performance on Smarter Balanced Summative Assessments/CAASPP - Increase 68.9 points with 14% Standard Met and 54% Standard Nearly Met.

English 11 Courses: 9 students failed at least 1 semester.

Academic Performance as measured by the California Department of Education Dashboard Mathematics: This measure is based on student performance on Smarter Balanced Summative Assessments/CAASPP - Increase 13.9 points with 0% Standard Met, 18% Standard Nearly Met, and 82% Standard Not Met.

Algebra 1 Courses: 17 students failed at least 1 semester.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|--|---------------------------|---|
| CAASPP CA Dept. of Education Dashboard ELA | 68 points below Standard | Increase by 10 points in CAASPP ELA |
| CAASPP CA Dept. of Ed. Dashboard Mathematics | 157 points below Standard | Increase by 10 points in CAASPP Mathematics |
| CA Department of Education Dashboard Academic Engagement | 59% Students Graduated | Increase by 3% of students graduated. |

LCAP focus

1.2 Assessment:

a - Provide time for teacher teams to continue to evaluate validity and reliability of CCSS-aligned assessments, revise assessments as needed, generate performance reports, and support colleagues in using data to inform instruction (Curriculum & Assessment Teams -CATs) -

b - Ongoing professional development for teachers in formative assessment

c - Provide materials for new teachers to assist with formative assessment strategy usage.

SPSA Focus

Provide teachers with CAASPP professional development to help support assessment literacy. All professional development will include in-class coaching/support, training, and backwards planning.

Annual Review

SPSA Year Reviewed: 2018-2019

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Actions and services for Goal 1 were largely implemented as planned. There were no actions/services that did not occur at all.

Overall effectiveness of the strategies/activities were found to be effective. Staff, parents and students reported that tutoring, interventions, counseling/guidance, and EL program services positively impacted student performance.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences between the intended implementation and/or the budgeted expenditures occurred.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will focus on strategies to improve CAASPP scores and graduation rate. English Language Learner students will need more individualized student intervention.

Goal 2

SPSA Goal # 2 Improve instruction and learning in Mathematics and Science with focus in technology to support student learning

LCAP Goal # 2 - Effectively use instructional strategies and resources to improve student learning, including technology.

WASC Critical Area #2 – The school will investigate appropriate co-curricular activities to be implemented during the school day to assist students in connecting to the school community outside of academic courses.

Identified Need

13.9% of students were suspended at least once in school year 2017-2018. This is an increase of 2.7%.

Annual Review

SPSA Year Reviewed: 2018-2019

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

All Actions/Services were generally implemented as planned. Teachers were provided numerous opportunities to increase and improve instructional practices through attendance at workshops and conferences. Nearly all teachers participated in at least one training that focused on topics related to CCSS, NGSS, CAASPP, or the Social Studies Framework.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Strategy 3.3 - More EL materials to support ELD, and EL program teacher teams.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

A greater focus on professional development and curriculum development will be needed in the areas of science, social studies, and mathematics. With the adoption of new curriculum/textbooks in the science department, NGSS professional learning and planning opportunities will need to be provided. In addition, the social studies, english, and mathematics will need to dig deeper into the CCSS framework.

Goal 4

SPSA Goal #4 - Improve parent awareness and involvement to support student learning.

LCAP Goal #4 - Improve communication among all stakeholders.

WASC Critical Area # 1 – There is a need for the leadership team and counseling staff to increase opportunities for student exposure to vocational/career awareness, aptitude testing and preparation for future college and career success to help make student learning relevant to real world success.

WASC Critical Area #5 – The school should seek a systematic method for students to provide input and regular discussion on school issues and LCAP with the leadership team on a scheduled basis.

WASC Critical Area #6 – Continue to work closely with district to ensure resource allocation is equitable based on the site needs, student access, and staff workloads.

Identified Need

There is a need to continue to improve communication with all stakeholders. Guidance and support in the area of college and career readiness need to be provided to all stakeholders. Stakeholders need to have an understanding that our number one priority is the success of all students.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|--|-------------------------------|
| LEA - wide parent survey (rating of overall school quality) | Fall 2018 parent survey: Average rating of overall school quality (on a 1-10 scale): 8.2 | Increase average score to 8.7 |

Annual Review

SPSA Year Reviewed: 2018-2019

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

It is a continuous effort to increase communication with all stakeholders. Student of the month celebrations were held throughout the school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

District and school administration worked closely with IVC staff throughout the year in the implementation of dual enrollment coursework.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

School will provide parents with professional development in the areas of social and emotional, attendance, college and career readiness, and school programs. There needs to be an increase in parent communication such as attendance letters, enrollment packets, and progress reports.

Goal 5

SPSA Goal #5 - Monitor and Improve school-wide student engagement, provide courses and experiences that increase college and career readiness.

LCAP Goal #5 - Increase instructional program options, student engagement, and school connectedness through expanded access to rigorous and high interest course offerings; strategic supports for struggling and at-risk students; specialized curricula tailored to support EL student's acquisition of English; and targeted actions, interventions, and incentives designed to improve student attendance.

WASC Goal #4 - As district financial resources allow, continue to seek opportunities for curriculum electives through CTE courses that are not delivered via online curriculum to provide deeper enrichment to the academic program.

Identified Need

Based on the California Department of Education Dashboard College and Career Readiness 3.6% students out of 56 total met the standard for college and career readiness. There is a need to provide CTE course pathways on our campus. The school needs to ensure that we continue to support our students in rigorous course offerings.

Annual Measurable Outcomes

| Metric/Indicator | Baseline/Actual Outcome | Expected Outcome |
|---|--|-------------------------------------|
| Ca Dept. of Ed. Dashboard College and Career Readiness (CCI) | 3.6% of students met the college and career readiness indicator. | Increase number of students by 1. |
| CAASPP CA Dept. of Education Dashboard ELA | 68 points below Standard | Increase by 10 points in CAASPP ELA |
| Course Access (master schedules all courses necessary to fulfill graduation). | 100% | 100% |

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Teachers, administrators, parents, and students were provided opportunities to give input about additional electives and new and or modified courses to be offered in 2019-2020. AVID students had the opportunity to go to UCSD campus.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Teachers, support staff, and students have communicated a need for students to have more experiential learning opportunities through visits to various community agencies and post secondary educational institutions.

Goal 6

SPSA Goal #6 & LCAP Goal -

#6a -Actively recruit, hire and retain highly qualified and fully certified teachers.

#6b - Provide standards aligned instructional materials for all students.

#6c - Provide a safe and effective learning environment.

Identified Need

13.9% of students were suspended at least once in school year 2017-2018. This is an increase of 2.7%.

53 Suspensions overall in 2017-2018.

Academic Engagement as measured by the California Department of Education Dashboard: graduation rate decreased by 26% with 59% students graduated and received a high school diploma.

Annual Review

SPSA Year Reviewed: 2018-2019

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Nearly all planned actions and services for this goal were implemented. PBIS is in its early stages of implementation. The parent/student center on campus has been a great addition.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

In an effort to continue to support teachers, instructional coaches in joint efforts with support providers/mentor teachers for induction, provide continuous support to our new teachers. PBIS is in its early stages of implementation. More time for professional development and planning for PBIS is needed in order to implement PBIS effectively. PBIS will better assist in creating a positive school culture.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The Positives Behaviors and Interventions and Supports (PBIS) is a prevention, not punishment framework. The purpose is to promote positive behaviors in the classroom and improve school culture based on data driven information.

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the

TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the

Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:

- A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
 - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 - 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;

2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.
- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
 - F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 1. Ensure that those students' difficulties are identified on a timely basis; and
 2. Provide sufficient information on which to base effective assistance to those students.
 - G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
 - H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
 - I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
